NICK YOUNG IS SIMPLY WAITING.

President of the League Explains the Status of the Freedman Case.

WASHINGTON, Aug. 3.—The following signed statement has been issued by President Young in regard to the New York-Baltimore forfelted game of July 25:

"The recent unpleasant incident in New York, resulting in the forfeiture of the game to the Baltimore club in the fourth inning on July 25, is the subject of much misunderstanding on the outside of official base ball circles and even among some of our officials is status is not understood and the league and myself have been subjected to criticism for apparent apathy. My silence might indicate that I am drifting and awaiting developments, but on the contrary, I have the matter well in hand, with a well defined policy which I am convinced is in accordance with the law and the circumstances of the case. On July 25 Umpire Lynch reported to me the forfeiture of the game to Baltimore on account of the refusal of the New York club to continue play and recited the circumstances about as published in the papers, asserting that he did not hear anything said 5y Player Holmes insulting to the spectators to justify his removal from the game.

"On July 26 the New York club protested to the board of directors against the decision of the umpire and the result of the game, claiming that the facts and the law do not justify his action and form no basis for the forfeiture of the game.

"Here the question in fact is raised as to whether the New York club did withdraw its team from the game as comprehended in the league constitution and the recent legislation of the National league. The appeal was immediately transmitted to the Baltimore club for answer and up to date no reply has been received.

"This case, of course, is entirely separate and distinct from the penalty imposed for the withdrawai of a team from a game before its completion, but it at the same time forms the basis of any further action that might be faken under the provisions of section 54 of the case as comprehended in section 54 of the league constitut President of the Lengue Explains the

RESCUED FROM

Greater New York's Mayor Distinguishes Himself by Saving the Lives of Three Girls.

NEW YORK, Aug. 3.-Mayor Van Wyck, today distinguished himself as a life-saver of no mean ability by rescuing three young women from drowning. The rescued were: Miss Jennie Lowdnes, daughter of Rev. Arthur Lowdnes, assistant rector of St. mother. Thomas' church of this city; Miss Clara Pritz and Miss Eliza Heinscheimer, both of

Cincinnati. The three young women went in bathing in Jamaica bay, near the hotel where Mayor Van Wyck was stopping. Miscalculating th depth of the water on account of the tide, Miss Lowdnes, the only one of the trio who could swim, got out over her depth and could not get back to the beach. The other young women, although they could not swim, started to her rescue. They were in- own life. stantly beyond their depth. The cries of attracted the attention of Mayor Van Wyck, who was sitting on the porch. He immediately threw off his coat and ran to the rescue. Unaided

were all unconscious. The mayor then gave orders to the excited spectators to procure barrels. Three were brought and each of the unconscious girls was placed over a barrel at the direcion of the mayor and rolled until revived Miss Lowdnes and Miss Heinscheimer re gained consciousness in a few minutes, but Miss Pritz's condition is much more serious, though not necessarily fatal.

TELLS OTHER SIDE OF THE STORY anadian Pacific's Version of Trouble with American Roads.

CHICAGO, Aug. 3.-Traffic Manager Mc Nicoll of the Canadian Pacific railway concluded his direct statement before the Interstate Commerce commission today in regard o the rate war between the Canadian Pacific railway and the American lines. Mr. Mc Nicoll, in his closing remarks, told of his efforts to restore peace with the American companies and how his efforts were thwarted by the refusal of the companies to discuss the question of differentials. He insisted that the American lines had refused to accept suggestions and had said that the Canadian Pacific must agree to all their terms. Mr. Eustis, general passenger agent of the Chicago, Burlington & Quincy, said, had told them that there would be legislation against the Canadian Pacific and that congress would have legislated last session if the subject had not been overshadowed by the Cuban crisis. Mr. McNicoll said that he did not take much notice of these remarks, as Mr. Eustis did not represent the American people. He denied that the interstate traffic enjoyed by the Canadian Pacific amounted to \$50,000,000. While there were no statistics for passenger traffic, the freight traffic amounted only to \$1,300,000 a year. On the other hand, the Canadian Pacific, he said, bought supplies from the United States to the amount of \$3,000,000

Rescript from Emperor William Published in Harney St. the Official Reichsanzeiger.

ARCHITECT OF PRESENT GERMAN UNITY

Pledges Himself, if Necessary, to Defend with Blood and Treasure the Work the Great Chancellor Accomplished.

Official Reichsanzeiger, just published, contains an imperial rescript addressed to the imperial chancellor, Prince Hohenlohe, and dated Friedrichsrube, August 2. It says: With my high allies, with the whole Ger man people, I stand mourning at the bier of the first chancellor of the German man people, I stand mourning at the bier of the first chancellor of the German empire, Prince Otto von Bismarck, duke of Lauenburg. We who witnessed his splendid labors, who looked up to him with admiration as the master of statecraft, the fearless fighter in war and peace, as the most devoted son of the fatherland, and as the

This is not the moment to enumerate all the achievements of the great man who has gone to his rest or to refer to all the cares he bore for the emperor and the empire and all the success he won. They are too mighty and too manifold. History alone can do them justice and will engrave them all

on brazen tablets.
I am, however, impelled to give expression before the whole world to the universal sorrow and grateful admiration which today animates the whole nation, and in the name of the nation to vow that what he, the great hancellor, under William the Great created, I will maintain and develop, and if need be, defend with blood and trensure. In this may God help me.

The Wyoming section of the weather bureau reports crop conditions for the week ending today in Wyoming to be as follows The temperature during the week averaged about normal, the days being warm at the commencement and cool at the close of the week. The rainfall has been very light, only a few scattered showers being reported. As a result of the continued dry weather and hot winds crops, especially grain, are suffering and have been materially shortened. The drouthy conditions are more severe over the eastern and southern counties: reports from Uinta, Fremont and Big Horn counties continue encouraging. Irrigated crops are in good condition and over the greater part of the state the water supply s ample. The weather has been favorable for having and the second crop of alfalfa being gathered. Some early sown grain is being harvested in the eastern part of the state, but the yield is light owing to recent dry weather. Range grass is cured

STATE BOARD OF ASSESSORS MEETS. Valuation on Telegraph Lines and Railways is Largely Increased. PIERRE, S. D., Aug. 3 .-- (Special Telegram.)-The State Board of Assessment today increased the valuation on Western Union telegraph lines in the state from \$51 to \$60 per mile, maing a total increase of \$22,000. On taking up the railroad assessment the representatives of the different roads presented their cases and a few of the narrow gauge and small lines were assessed at the same valuation as last city, left it at South Omaha a total wreck. The first fight on the board was when the assessment of the Chicago, Milwaukee

This valuation the member of the railway company before the board yesterday stated, was not a fair and equitable valuation, and they refused to acept the rate. He asked for an assessment of \$5,200 per mile in the first division reached, which was an increase of 33 per cent, but an adjournment was taken before any action was taken. Petitions from thirteen ounties were presented asking that rail-

roads be assessed at not less than \$5,000 per mile. A letter was read before the board, bearing the signature of Thomas F. Ayres, which had been sent out with the petitions, declaring that the board had failed to do its duty in the past and asking that on this account the petitions be circulated and sent in. Commissioner Lockhart took and cattle are taking on flesh rapidly. Some | state in casting reflections upon the officers in their official acts. The session was warm at several stages and will probably be more so at the meeting tomorrow.
